

## FAMILLE FABRE

2018 - CORBIÈRES  
Chateau Fabre White

In 1982, Louis Fabre took over the 4 chateaux with a heritage of 4 centuries. Marie, Louis's sister joined the team in 1998. In 2014, Clémence, and Paule, the 14th generation, joined the team to continue the story.

The vineyard is located in the South of France, 40 km from the Mediterranean sea, in the Corbières area, where the wind blows as much as the sun shines. Ideal conditions in Languedoc to grow organic vines.
