

DOMAINE ROUX

CHÂTEAUMEILLANT
L'Héritage

Jean-Claude Roux settled in 1986 next to the family farm, in the Center region. He produced grain while having a small flock of sheep. In 1994, he started with his wife in viticulture over the vineyards of Quincy. Today, they use 7.5 hectares of AOC Quincy. In 2010, they purchased 3.3 hectares of vineyards in Châteaumeillant to complement their range with red and rosé. In spring 2016 their eldest son, Albin returned to the field and took their succession to port it to new horizons
