

# CHATEAU LA TOUR DE BESSAN

Margaux  
La Petite Tour de Bessan

This Château is named after a 13th century tower, the only remains of this medieval construction. It was in 1972 that Lucien Lurton bought the tower with its vineyards from the Clauzel family. He moved heaven and earth in order to establish this domain, all the while running his numerous other châteaux. In 1992, his daughter, Marie-Laure took over the domain.
