

DOMAINE BENEDETTI

IGP VAUCLUSE
Mère Nature - No Sulfite

Domaine Benedetti was established in 1930 by Nicolas Benedetti moving from Italy to France and directly to Châteauneuf du Pape. After his death, Nicolas' three children took over the domaine. Noël Benedetti, grand father of the actual owner, inherited 1,4 ha of Châteauneuf and 1ha of Cote du Rhône. Until 1997 and the arrival of his son Christian he used to bring the grapes to the coop. After 1997, Christian decided to start making his own wine and created Domaine Benedetti. Between 1998 and 2001, Christian got the opportunity to grow the Estate with 4 ha of Cote du Rhône and 2,2 ha of Châteauneuf. As a natural extension, Christian moved to organic agriculture in 2000. In 2004, Nicolas Benedetti joined the adventure after studying oenology and winemaking.
