## TERROIR

**VINEYARD:** Clos de la Touche, Mosny, Dessous des Landes

**SOIL:** Limestone and siliceous loam

## WINEMAKING

**HARVEST:** Mechanical harvest

**VINIFICATION :** Direct pressing and cold clarification are followed by alcoholic fermentation with indigenous yeasts, which is then followed by 9 months of aging in inert tanks. The process includes sterile filtration and complete malolactic fermentation.

Residual sugar: 12g/L

*Complex aromatics with slight noble bitterness.  
High acidity almost completely hides residual  
sugar, which adds roundness and body.  
With aging, this wine acquires additional  
tertiary aromas.*
